READ—

Letter No 10310—42 dated the 24th May 1904 from the Inspector General of Education in Mysore submitting the budget estimates of the Industrial and other special schools in Mysore maintained from the Local Funds General for the year 1904-05 together with an explanatory memo Appendix I

No F L 249 50—Ed F 4 96 DATED BANGALORE 14TH JULY 1904

ORDER THEREON —The receipts and expenditure of the Industrial and other special schools in Mysore for 1904 05 are estimated by the Inspector General as shown below —

	Sanctioned estimate for 1903 04	Proposed estimate for 1904 05	Difference	
			Increase	Decrease
	Rs	Rs	Rs	R
Receipts	6 296	17 636	11 340	
Expenditure	52 922	45 780		7 142

2 The receipts for 1904 05 are estimated at Rs 17 636 or Rs 11 340 more than the sanctioned estimate for 1903 04 The reasons for the increases under the several heads being explained in the Inspector General s memo the estimate is accepted

Expenditure

3 *II Other Industrial Schools* —The provision of Rs 1 692 made under this head in the present budget for the weaving and the carpentry school at Hole Narsipur does not include the contingent allowance of R 108 sanctioned in Government Order No 6172 3 dated the 7th June 1904 and the amount will accordingly be raised from Rs 1 692 to Rs 1 800

4 *V Grant in aid* —In accordance with Government Order No Financial 3423 4 dated the 15th June 1904 a sum of Rs 300 will be entered under this head to meet the grant in aid sanctioned to Mr S P Kelkar to make a large sizing machine for hand loom warps

5 The total estimated expenditure as above revised comes to Rs 46 188 which does not include the transfer of Rs 50 out of the provision of Rs 150 entered under Head I Industrial School Mysore sub head 5 Contingencies Book for the Library to Head III Engineering School and also the supplemental grant of Rs 3 012 for the Engineering School sanctioned in Government Order No Financial 3524 5 dated the 28th June 1904 The necessary transfer will be made and the total expenditure for 1904 05 including the above supplemental grant raised to Rs 49 200 which is sanctioned with the observation that separate orders will be passed on the Inspector General s proposals for revising the scale of establishment of the Mysore Industrial School and for purchasing materials for certain other Industrial Schools

6 The details of receipts and expenditure of the Budget for 1904 05 are shown in the accompanying statements an abstract whereof is given below —

Budget head	Heads of Receipts	Sanctioned estimate for 1903 04	Sanctioned estimate for 1904 05	Difference	Budget head	Heads of Expenditure	Sanctioned estimate for 1903 04	Sanctioned estimate for 1904 05	Difference

B K VENKATAVARADAIYENGAR,
Offg Secy to Govt, Gen & Rev Depts

To—The Inspector General of Education in Mysore
The Comptroller to the Government of His Highness the Maharaja of Mysore

APPENDIX I

Memo on the budget estimates of the Government Industrial School, Mysore, and other special schools for 1904 05

Receipts

1 The amounts remitted to the Treasury from the Industrial School, Mysore, the value of the articles for sale in the school and the unadjusted outstandings during the eight months from July 1903 to the end of February last, amount to about Rs 6 000 From the actual outturn of these eight months it is calculated that the receipts of the school for 1904 05 will amount to Rs 8,100, which includes a sum of Rs 1,500 as the probable income of the weaving department proposed to be added to the institution About 30 students will join the class for Sub Overseers and Draftsmen next month The income from fees is accordingly estimated at Rs 2,736 against Rs 1,296 in the current year's budget

If all the nine other Industrial Schools come into working order, their receipts for 1904 05 may be roughly estimated at Rs 6,800

EXPENDITURE

2 Proposals requiring additional provision under certain heads of the budget have been already submitted to Government Exclusive of these additional charges the estimates for 1904 05 amount to Rs 45 780 as compared with Rs 52 922 for the current year The variations under the several heads of the budget are explained below

3 Under I Government Industrial School Mysore Rs 150 provided for the tools of the masonry class has been struck out as the class has been abolished and certain other items have been reduced but the provision for the *machine* class is entered at Rs 1 000 as it is proposed to purchase for the school a small oil engine of 2½ H P For the purchase of *materials* the provision for the current year is repeated for 1904 05 For *scholarships* Rs 2 2 2 is required The scholarships sanctioned for the weavers class and the Artware manufactory at Mysore have been stopped but the amount of Rs 1 440 provided on their account is retained in the budget to meet part of the extra cost due to the revision of the scale of establishment proposed in my letter No 9610—389 dated the 27—30th April last For (4) *sheds* Rs 1 500 is entered for 1904 05 against Rs 600 for the current year as three more sheds are required and the special provision of Rs 2 090 sanctioned for the construction of a potters oven has been struck out For (5) contingencies the provision has been reduced to Rs 525 and of this latter amount Rs 50 is proposed to be transferred to the Engineering school as an annual grant for periodicals in my letter No 9595—385 dated the 29th April 1904 For (6) wages the provision has been raised from Rs 1 350 to Rs 1600 as it will be necessary to employ more coolies next year chiefly in connection with the Pottery works In my letter No 9610—389 dated the 27—30th April 1904 I have submitted a proposal to revise the scale of establishment of the Industrial School For the present the existing scale is entered for 1904 05 Rs 133 is entered for the night classes and Rs 150 for travelling allowances for 1904 05 these amounts being the same as for the current year

4 Of other Industrial Schools a school at Channapatna has already been started another will soon be sanctioned for Chitaldrug and three more will be started early in July in Chikmagalur Shimoga and Sagar A sum of Rs 7 500 is provided for these schools For the weaving and carpentry schools at Dodballapur Chiknayakanhalli and Hole Narsipur which have been already opened and for the school at Molakalmuru which will be opened early in July next a sum of Rs 8 224 has been provided against Rs 10 000 sanctioned in the current year s budget The provision for initial cost has been reduced from Rs 9 000 to Rs 4 000 as four out of nine schools will remain to be opened next year

5 In my letter No 9595 dated the 29th April 1904 I have asked for an additional grant of Rs 3 012 for the Engineering School Mysore for purposes stated in the letter and in my letter No 9611—390 dated the 30th April 1904, I have recommended that the pay of the Head Master may be provided at Rs 250 a month for reasons mentioned in it The sanctioned provision of Rs 4 008 is entered however for the present

6 Rs 5 220 is provided for scholarships tenable in Technical Schools outside Mysore and in Mr Tata s Experimental Silk Farm at Bangalore
